The Marchman Act and Baker Act are two acts under Florida law which are intended to help people get the treatment or care they need.

- **The Baker Act** encourages voluntary admission for psychiatric care, but under certain criteria, a person can be involuntarily admitted for evaluation/psychiatric care if their welfare is at stake.

The Marchman Act is intended to get treatment for those suffering from an addiction-going to treatment can be voluntary or involuntary depending on the circumstance. The Marchman Act is initiated through the court with a petition followed by a hearing
